Reg. No. 2742

The President of the Tuticorin Municipality sent a plan and estimate for Rs 7700/- for a TB for Paragada. The Chief Engineer submits an alternative estimate, and observes that there was no provision for the value of the site in the estimate. The President states that separate action has been taken in regard to the acquisition of the site and that the estimate sent by him may be approved as more suited to the conditions of Paragada town.

The Chief Engineer agrees but wants Dewan's approval to be obtained to the alteration in design.

The estimate & plan may be approved

Sir,

With reference to the Chief Engineer's letter No. 2509 dated the 17th instant forwarding, for information, copy of his letter No. 2508 of the even date to you regarding the construction of a third class Travellers' Bungalow at Pavagada, I have the honour to state as follows :--

1. The necessity for the construction of a new travellers' Bungalow has already been explained in this Office No.G.C. 328 dated the 20th November 1926 addressed to the Local and Legislative Secretary ~~Secretary~~.

2. The site selected for the purpose has been approved by the Dewan.

3. The land on which it is proposed to erect the building was the property of a private man and its acquisition has been separately sanctioned by Government and the cost of acquisition has been placed at the disposal of the Assistant Commissioner, Maddagiri Sub Division. Hence provision for the acquisition of a site has not been made in the estimate.

4. The approved type design does not suit to the climatic conditions of Pavagada on account of severe heat at the place during summer, and hence with a slight deviation terrace has been provided for.

Under these circumstances, I request you ~~will~~ be so good as to obtain the sanction of Government to the estimate for the

SUBJECT - Construction of a Third Class Travellers' Bungalow at Pavagada.

= = = = 0 = = = =

I have the honor to forward herewith, for the orders of Government, an estimate and plan, the former amounting to Rs 7,700/- for the above work, received from the President, District Board, Tumkur, with a copy of the Board's Resolution in the matter.

2. There is no report received explaining the necessity for the work; but it is presumed that the President of the District Board has explained to Government separately the need for the construction of such a building.

3. A site plan for the proposed building has not also been submitted by the President along with the estimate.

4. The estimate does not provide for compensation for land to be acquired for the construction of the building. It is not known if the land on which it is proposed to erect the building is the property of Government or the public.

5. The design proposed by the President is not of approved type; so, an estimate amounting to Rs 9,100/- in accordance with approved type design has also been prepared and forwarded herewith as an alternative estimate.

6. Early orders on the alternative estimate are required as the -

President reports that the work has been provided for in the Budget Estimate of the Tumkur District for the year 1926-28.

I have the honour to be,

Sir,

Your most obedient servant,

15.9.27

CHIEF ENGINEER OF MYSORE.

Copy of letter No. L. 4457/L.B. 112-26-2 dated 10th January 1927 from the Secretary to the Government of H.H. the Maharaja of Mysore Local and Legislative Departments, Bangalore, to the President, District Board, Tumkur District, T u m k u r.

With reference to your letter No. G.C. 328 dated the 19/20th November 1926, forwarding for orders the resolution of the District Board for the construction of a Travellers' Bungalow at Pavagada at a cost not exceeding Rs 7000/- and recommending that a grant of Rs 2500/- may be sanctioned by Government for the building, from the current year's grant for "Town Improvements", I am directed to state that no grants could be sanctioned out of the provision for "Town Improvements", for the construction of Travellers' Bungalows. The District Board should therefore find the whole amount required for the building and necessary plans and estimates for the building should also be sumitted for the orders of Government -- Through the Chief Engineer in Mysore, together with the Board's resolution in the matter.
